Dear Student,

This is a notification to you the student that our accreditation board, *Accrediting Bureau of Health Education Schools (ABHES)* requires us to inform you of any changes to our accreditation status (Per Chapter III, Section C, Subsection 7 of the ABHES Accreditation Manual). On August 12th, 2021 ABHES mailed *School for Allied Health Professionals (SFAHP)* a *deny* status requiring the school to maintain a teach-out plan.

Subsection 7 – Deny

An institution's or program's application for an initial or renewal grant of accreditation will be denied if the Commission has provided the institution or program the opportunity to demonstrate compliance with the eligibility criteria, procedural requirements, or accreditation standards but the institution has failed to do so. A denial action is appealable to the Appeals Panel. An institution or program must disclose a decision by the Commission to deny accreditation to all current and prospective students within seven business days of receipt.

An institution or program denied accreditation may not re-apply for accreditation until a period of one year has elapsed since the final effective date of accreditation which will occur 10 days after Commission notification to the institution or program. An institution or program will be treated procedurally and substantively as if it is a new applicant for accreditation.

School for Allied Health Professionals would like to inform you and remind you we will continue normal school hours under the guidance of *Texas Workforce Commission (TWC)*. *School for Allied Health Professionals* will continue to assist students towards graduation regardless of ABHES decision. Your education will not be affected due to the decision of ABHES, the school will continue to provide you with your hands-on training and education.

Please sign below to verify you received this notification. As always, we will continue to assist you in your program and look forward to your pending graduation.

Thank you,

Nora Flores, PA
